**RE: New MWCARP Rate Pages Effective – January 1, 2018  
thru March 31, 2018**

Due to the elimination of certain classification codes and the creation of two new classification codes effective on January 1, 2018, it is necessary for the MWCARP to publish new rate pages for all new and renewal policies effective January 1, 2018 thru March 31, 2018. The following classification codes will be eliminated, for new and renewal policies that are effective January 1, 2018 and thereafter, as follows: 1655, 1853, 3175, 3223, 4053, 4061, 4101, 6017, 7228, 7229, and 9149.

As a result of this change, two new classification codes were established for employers with trucking-related exposures. Those new classification codes are 7219 and 7225. Since these two new classification codes are not in the current rate pages that were effective on April 1, 2017, it is necessary to publish new rate pages to encompass these new codes. Therefore, the new rate pages effective January 1, 2018 thru March 31, 2018 have rates for classification codes 7219 and 7225, and do not show rates for the above-referenced classification codes that are being eliminated. **THIS IS THE ONLY DIFFERENCE BETWEEN THE APRIL 1, 2017 RATES AND THE JANUARY 1, 2018 RATES.**

As usual, the MWCARP will have an entirely new set of rates that will be effective on April 1, 2018 for new and renewal policies effective on that date and thereafter.

---

**Experience Rating Eligibility**

A risk is eligible for intrastate experience rating when the payrolls or other exposures developed in the last year or last two years of the experience period produced a premium of at least \$10,000. If more than two years, an average annual premium of at least \$5,000 is required. Page R5 of the *Minnesota Experience Rating Plan Manual* should be referenced for the latest approved eligibility amounts.

---

**Merit Rating Eligibility**

**Safety Program Rating Plan — Rule**

The total net debit or credit produced by this rating plan is added to unity then applied multiplicatively to the risk's standard (i.e., after the application of experience rating) premium. The result is the risk's net premium.

Each individual debit or credit shall be based on relevant evidence that is contained in the file of the inspecting underwriter. Rate modifications will not be made effective until supporting evidence is received by the underwriter.

The basis for determining a risk's overall rate factor shall be made available to the employer so that corrective measures may be taken by the employer to improve safety and reduce premium.

Each employer shall maintain the right of appeal with respect to its assigned rating modification factor. A written response detailing the basis for its rebuttal shall be provided by the employer to the Assigned Risk Plan Administrative office. An admissible basis for appealing a rate is an employer's claim that financial constraints make required improvements infeasible.
