The Minnesota Workers' Compensation Assigned Risk Plan (MWCARP)

Servicing Carrier – Request For Proposals (RFP) Process Results

The Minnesota Workers' Compensation Assigned Risk Plan (MWCARP or Plan) has recently completed an RFP process to select Servicing Carriers, effective January 1, 2020. While we did receive very competitive proposals from a number of qualified and experienced Servicing Carrier organizations, we have decided to retain the services of only two Servicing Carriers going forward – Superior Point (incumbent) and Old Republic Residual Market Services (new).

Effective January 1, 2020, Superior Point will service 75% of the Plan's premium while Old Republic Residual Market Services (ORMARKS) will service the other 25% of the Plan's premium. We are confident in both Superior Point and ORMARKS and their ability to continue the Plan's tradition of providing excellent service to Minnesota employers.
